Class N: Networks For Fire Alarm And Mass Notification Systems

Synopsis

After years of study, debate, and development, the National Fire Protection Association has established parameters for Ethernet connections. In the process, they've brought fire-alarm technology into a brave new world. Now you can make the most of today's fire and security technology. When you follow the new Ethernet connection guidelines, you can:

- Safely use standard networks to connect fire alarm devices to control units.
- Use technology more commonly familiar to a broad range of designers, installers, and end users.
- Integrate data collection
- Obtain a special fire protection UL Listing for equipment already on the market.

This expert resource guide was written by Dan Horon, a member of the Technical Correlating Committee Task Group on Networks and co-author of the new networking section in the NFPA 72 handbook.

Book Information

Paperback: 28 pages

Publisher: Cadgraphics, Inc. (June 2, 2016)

Language: English

ISBN-10: 0692724125

ISBN-13: 978-0692724125

Product Dimensions: 6 x 0.1 x 9 inches

Shipping Weight: 3.2 ounces (View shipping rates and policies)

Average Customer Review: Be the first to review this item

Best Sellers Rank: #988,772 in Books (See Top 100 in Books) #125 in Books > Engineering & Transportation > Engineering > Reference > Architecture > Codes & Standards #10664 in Books > Arts & Photography > Architecture

Class N: Networks for Fire Alarm and Mass Notification Systems
Blaze and the Forest Fire: Billy and Blaze Spread the Alarm
Fire Stick: The 2016 User Guide And Manual - Learn How To Install
Android Apps On Your Fire TV Stick! (Streaming Devices, How To Use Fire Stick, Fire TV Stick User Guide)
Show Networks and Control Systems: Formerly "Control Systems for Live Entertainment"
Mass Motorization and Mass Transit: An American History and Policy Analysis
The Chili Cookbook: A History of the One-Pot Classic, with Cook-off Worthy Recipes from Three-Bean to Four-Alarm and Con Carne to Vegetarian
Burn Chambers for Rocket Mass Heaters: A short introduction to 4 types of burns chambers for rocket mass heaters
The Portsmouth Alarm
Deep Learning: Natural Language Processing in Python with Recursive Neural Networks: Recursive

Neural (Tensor) Networks in Theano (Deep Learning and Natural Language Processing Book 3)
Wiring Home Networks: How to Plan, Design, and Install Home Computer, Video, Telephone, and
Audio Systems Reliability of Computer Systems and Networks: Fault Tolerance, Analysis, and
Design Location Determination within Wireless Networks: Dynamic indoor/outdoor Localization
Systems: Algorithm Design, Performance Analysis and Comparison Study Probabilistic Reasoning
in Intelligent Systems: Networks of Plausible Inference (Morgan Kaufmann Series in Representation
and Reasoning) Fusion of Neural Networks, Fuzzy Systems and Genetic Algorithms: Industrial
Applications (International Series on Computational Intelligence) Protocol for Wireless Localization
Systems: Communications Protocol for RF-based Wireless Indoor Localization Networks Computer
Networks, Fifth Edition: A Systems Approach (The Morgan Kaufmann Series in Networking)
Elements of Artificial Neural Networks (Complex Adaptive Systems) Strategies for Employment
Class and Collective Actions: Leading Lawyers on Addressing Trends in Wage and Hour
Allegations and Defending Employers in Class Action Litigation (Inside the Minds) Fighting for Total
Person Unionism: Harold Gibbons, Ernest Calloway, and Working-Class Citizenship (Working Class
in American History) Pro Flash Manual: A Michael Willems Dutch Master Class Manual (The
Michael Willems "Dutch Master Class" series Book 2)
