The Army Aviation Information Test section covers: Aerodynamics Flight Controls Weight and Balance Basic Maneuvers Conclusion The Reading Comprehension Test section covers: Strategies General Reading Comprehension Skills The Math Skills Test section covers: Numbers and Their Classifications Operations Positive and Negative Numbers Factors and Multiples Fractions, Percentages, and Related Concepts Systems of Equations Polynomial Algebra Solving Quadratic Equations Basic Geometry The Mechanical Comprehension Test section covers: Kinematics Kinetics Work/Energy Machines Momentum/Impulse Fluids Heat Transfer Optics Electricity Magnetism These sections are full of specific and detailed information that will be key to passing the SIFT Exam. Concepts and principles aren't simply named or described in passing, but are explained in detail. The guide is laid out in a logical and organized fashion so that one section naturally flows from the one preceding it. Because it's written with an eye for both technical accuracy and accessibility, you will not have to worry about getting lost in dense academic language. Any test prep guide is only as good as its practice questions and answers, and that's another area where our guide stands out. Our test designers have provided scores of test questions that will prepare you for what to expect on the actual SIFT Exam. Each answer is explained in depth, in order to make the principles and reasoning behind it crystal clear. We've helped thousands of people pass standardized tests and achieve their education and career goals. We've done this by setting high standards for our test preparation guides, and our SIFT Exam Secrets Study Guide is no exception. It's an excellent investment in your future.

Customer Reviews

Mometrix always puts out the best preparation books that you will ever come across. This SIFT Test Review for the U.S. Army's Selection Instrument for Flight Training is a phenomenon. It is well formatted. Each section is broken down into simplicity. Making it easy to understand. The guide gives you examples and exercises to execute yourself. It covers all the main points of the original test. The guide also includes tips on how to take any test and achieve the greatest score possible. I highly recommend this book to all our friends in the army who are preparing to take the exam. I received this product in exchange for an honest opinion.

I received this item at a discounted price in exchange for my review. It has not affected my review of the item. Decent book. Very thorough. Lots of content and good descriptions of the test portions.

I haven't had the book for too long but the materials from this book compared to the rest are 10x better than other books my co-workers have.

Sift secrets study guide Rate 5 So far this book was very helpful and no misprints like other books.

Very thorough but easy to understand. I especially like how it's broken down like the test is.
