## **Customer Reviews**

Content is great. Convenient to use when on breaks at work or when you can't drag a book around. But, Q&A is horrible to use and the bookmark system on Kindle don't help enough when you need to flip back and forth. If you don't need the digital version for some reason, avoid it.

Good book. Not on the same level as Becker or other more expensive study formats, but that is to

be expected with the much cheaper price tag. I recommend it if you are on a budget or if your other method of studying has expired.

A really great book with plenty of great questions and sims.

Helped me pass BEC in 2016! Great as supplement material to other review materials.

Very nice
