Ok I purchased this cookbook for one recipe and that was the Green Bean recipe but ended up loving the entire cookbook. You will find quite a few recipes from the Grand Floridian and if you have ever eaten there you know everything is excellent. Several of the restaurants they feature are no longer around like the ones from the Disney Village now deemed the Disney Market Place so you are able to recapture a taste that is no longer around. Even King Stephens Banquet Hall has a few recipes and we all know that is now Cinderella's dining room now. It is a good book with tons of delicious and savory food. The deserts will make you go wild. I would recommend this book for people who can't cook and people who can. They are all simple and easy to prepare. Most are made with simple ingredients you have readily available in your kitchen, so no running to the store for something weird or special.

For the Disney fan, this cookbook is a must. Recipes come straight from the kitchens of Disney restaurants both Disneyland and Disney Florida.

I am a collector of all things Disney. This cookbook is a really great addition to my collection. Item was as described, and better. Thanks for the quick ship too!

If you love WDW and to cook - it's a great little book. I made a point of eating some of the recipes included in the book on my last visit in October. Lots of fun.

Great book lots of recipes for the foods I love at Disney, wish it had been in regular book format

I was surprized to see all the great receipes. Very good instructions.
