Customer Reviews

I am so happy I purchased this item for my daughter for school. Not even Barnes & Noble had the newest edition available the way I did. Thank you for being a great place to shop & having the newest items available.

This book help my daughter every time that she needs revise for a test I am happy because she has a extra support to understand science.My daughter has extra support with this book she understand

better her class.

This is an awesome book. It has a phenomenal explanation of the material you have to know for the regents. I recommend for you guys to buy it.

good as a supplementary book. You still need the text book to fully understand the concepts.

Great summary of everything we need to know for the Regents. Highly recommend!

Perfect companion to the Regents Exam book

Really good practice during summer.

My daughter like the book
