White Tigers 2017 Square

Synopsis

White Tigers Wall Calendar: The striking white tiger of South Asia is not an albino, nor does it constitute a distinct subspecies of tigers. White tigers are ordinary tigers with a genetic condition that makes their coloration paler. Many people enjoy the awesome beauty of these rare creatures—from their striking blue eyes to their distinctive pink noses. A white tiger can be born from two darker Bengals that carry the appropriate recessive gene. Only a dozen or so of these magnificent creatures have been spotted in the wild over the last 100 years. You can follow beautiful white tigers all year long with this White Tigers Wall Calendar. Features 12 full-color images of thrilling white tigers. Includes planner pages (July-December 2016). Ample space for notes, important dates, and contacts. Previous and next month views. Observes major holidays and moon phases.
