My 9 yr old daughter's new "bible". She's obsessed with all the beautiful and fun designs. Some will require a few attempts to look as good as they do in the book, but it's a fun activity for us to do together.

The skills needed to do all the designs in this book seem repetitive, but still, it gives lots and lots of good ideas for designs to try. Easy to read, and easy to follow instructions. Tons of big, colorful pictures. I think my niece, who I gave it to, really likes it. I would recommend this.

The colors and designs are very cute. Step-by-step it shows how to do nails. You could do cupcake nails, watermelon, or heart, flower, or panda nails. This book is wonderful. I'm into cute nails. I also

got the other book for nails from this author, Catherine Rodgers. Those are cute too but seem somewhat more challenging, anyways, this one is for kids. Grrreat!!!!

Definitely a book of nail art for kids. Even the pictures are with kids (that part I thought was cool).

I was lucky enough to receive a copy of this book from the author and I am very impressed with it. I think all of the designs are adorable and definitely tiny-finger approved. A great present for any little girl in your life.

Good book my 16 year old is having fun

lots of fun ideas with step by step directions- good birthday gift idea for the girl who already has everything.

Great pictures and information on how to do your nails. I will buy this for my other granddaughters.
