# Sealed With A Diss

## Synopsis

Massie Block: Stands at the threshold of the most ah-mazing secret room at OCD. But to prove the Pretty Committee is worthy of the honor, the girls need dates to Skye Hamilton's "famous couples" costume party. On top of all that, Massie has to convince her old crush, Chris Abeley, to be Skye's date . . . or else they can kiss the room-and their popularity-goodbye. How will she ever get her girls suitable dates and melt Chris's heart? She'd need to be a mind reader! Luckily for the PC, alpha status just happens to come with ESP . . . not the actual superpower, but a secret weapon that shows them exactly how boy brains work.

Kristen Gregory: Loves supersensitive guys, and thanks to ESP, has her eye on a boy who loves *The Notebook* as much as she does. So why on earth is she going to Skye's party as the Bride of Chucky?

Alicia Rivera: Diss-missed her crush, Josh Hotz, for having a bizarrely clean room. Then ESP tells her Josh's sister is actually the neat freak, and suddenly hawt Hotz looks hawter than ever.

Dylan Marvil: When ESP clues her in to the fact that guys-plural- like a girl who's not afraid to eat, it's all mozzarella sticks for this former Jenny Craig groupie. Will gaining six pounds make her regret trusting her sixth sense?

Claire Lyons: As the only Pretty Committee girl with a real boyfriend, the date-mission should be a breeze. But when her newfound Claire-voyance tells her Cam's hiding a huh-yuge secret from her, his gifts of gummies leave a stale taste in her mouth. ESP? Extra Sucky Problem is more like it.

The Clique...The only thing harder than getting in is staying in.

## Customer Reviews

I've been a dedicated reader of The Clique series since sometime in sixth grade, and going into eighth grade this year, I'm definately still in luh-v. In Sealed With a Diss, the Pretty Committee has finally gained access to the legendary room they've competed ruthlessly for [in book 7, It's Not Easy Being Mean]. But there's a catch -- each PC member has to find a date to eight grade alpha Skye's big party, and get Chris to be Skye's date to the very same bash, or else the room is taken back forever, meaning the PC can kiss their alpha status buh-bye. For the five most popular and ah-dorable girls in seventh grade, it should be easy, right? Especially with an exclusive benefitt of OCD's bomb shelter -- ESP. But big secrets create even bigger problems: Claire soon learns that her ah-dorable boyfriend Cam is hiding a big secret -- named Nikki?! Massie's crush Derrington is hiding something too, which could equal major disaster [not to mention embarrassment!!] for the gorgeous Clique leader. Perfectly manicured nail-biting central, here they come. Lisi Harrison is still going strong on the creativity, humor, fashion, and all around fantabulous-ness for The Clique series. I sincerely hope she never stops writing the series! =]

i was a little scared to read this book to tell ya the truth. All the girls in my school were reading it. and i was like. yeah im NEVER going to read it. Then one day this girl shoved the first book in my hand and i was HHOOOOKKKEDD!!! But anyways. enough of my story. This book i would have to say is the best, although if it was real life. i think i would have handled the boy situations a little rougherr [if thats even a word] but thats the only down side for me. this book had me once i read the first sentence. i saw it in the bookstore and i couldnt wait to go home and read it. it took me 2 hours to finish it. since it was so compelling. there were a lot of problems in this book and an amazing SURPRISE ending. that i would have NEVER guessed. In this book the girls have to learn a little more a bout guys and there approaching strategies. i love this book it IS AMAZING!

Again - gifts for my niece; ended up sneaking a peek at the content. Cute stories - a bit on the shallow side, regarding labels and monetary things but its still a good little series. Every story got a little better - I had to pre-read my nieces books! LOL!

Massie and her friends are at it again! After the never ending search for the key, she finally gets access to the room... under one condition. Massie must get Skye the one thing she can't have, Chris Abeley. The Pretty Committee must also have dates to Skye's graduation party, or else, they will be forever known as The Cheetah Girls, but thanks to ESP, they can fix that in a second! Will

Massie, Alicia, Dylan, Claire and Kristen be able to get Skye her date, get their dates, and have access to the room? Well you'll have to read the book to find out!

I have read all of the Clique books and think they are a pretty good series, but think that by the 8th and beyond, they aren't nearly as good. This book is still worth reading, but if you don't enjoy books that don't leave you on the edge of your seat the WHOLE time, I wouldn't recommend it. Also, you REALLY should read the other Clique books in order before you read this one, just so you understand to the fullest extent. I think Lisi Harrison is also a very wonderful, creative and funny author that writes great books, but these are pretty over priced and I would definitely recommend borrowing from friends.

This book defines all the stuff that happens in middle school. The whole series does that. There's always the cool clique of girls, and they run the school. They always get what they want and this series is the perfect example. All the drama is great, all the humor is good for this age. I would recommend this book to anybody over 11

Honestly, when i read the first few clique books i hated the series, until sealed with a diss. It completely flipped my hate to love. SWD has got to be the best one written. The way it depicts how someone can be "in" one moment and "out" the next is very real in teen society today (or at least where i live). I love how it does have a real moral behind the story, and it is not just a completely mindless novel. I recommend this novel to anyone that has started the clique series! (sorry for the bad spelling, but it is late and i am tired !)=)

This is the eighth novel in the very addicting CLIQUE series, all about the Pretty Committee in which Massie Block rules. Massie won access to a secret room from the "alpha" eighth-grade clique, the DSL Daters, but she wants early access. To keep up her end of the deal, Massie has to get her ex-crush to go to the hottest party of the year with Skye, the "alpha" eighth grader. When the deal is made she gets a key -- if she fails, then she and the Pretty Committee lose the room and their social status for good. Besides a date for Skye, all of the Pretty Committee members must bring a date to the party or the entire group is punished. How will the girls all find dates in time? I have always really liked this series but some of the things about "alpha respect" that she gets from Skye seem a little far-fetched and, sometimes, a little ridiculous. Overall, though, this is still a fun series to read! Reviewed by: Taylor Rector
