Suicide Notes

Synopsis

Fifteen-year-old Jeff wakes up on New Year's Day to find himself in the hospital. Make that the psychiatric ward. With the nutjobs. Never mind the bandages on his wrists, clearly this is all a huge mistake. Jeff is perfectly fine, perfectly normal—not like the other kids in the hospital with him. They've got problems. But a funny thing happens as Jeff's forty-five-day sentence drags on: the crazies start to seem less crazy. . . .Compelling, witty, and refreshingly real, *Suicide Notes* is a darkly comic novel that examines that fuzzy line between "normal" and the rest of us.

Customer Reviews

The way the book was going I thought I would be okay and not cry. I WAS WRONG!The main character is Jeff, he wakes up in the psych ward and finds out he's going to be there for a bit of time. He tried to kill himself, but we don't find out until the end of the book why. I had a love/like relationship with Jeff, at times he would say things that got on my nerves but don't we all do that?I loved Sadie, she is a fellow inmate with Jeff and a few others. I enjoyed all of the characters. I loved little Martha, I felt so, so bad for her upon reading her story.Jeff is a pretty comical dude. He says a lot of crazy stuff and he calls his Dr. , Cat Poop. His real name is Dr. Katzrupus. I would stick with Cat Poop.Some of Jeff's random thoughts:**There are five of us. In the fun house, I mean. Well, five kids. There are a bunch of adult whack-jobs, too, but they have their own ward. We get our very own Baby Nuthouse all to ourselves. It's just like at Thanksgiving, when all the kids get sent to the little table in the corner. No turkey legs for us. Just the parts no one else wants. Like giblets.â€œYou're telling the people at my school that I'm here?" I said. I was

already imagining Principal Matthews giving the morning announcement. "Today's lunch will be spaghetti and meatballs, cheerleading tryouts will be held second period in the gym, and Jeff is in the nuthouse."**But there are so many things going on with Jeff. He won't talk about it to anyone. He won't talk about it in group or with the doctor. He slowly hints at things to Sadie over time. They are really good friends in there. Jeff has to come to accept himself and his sexuality and not let them get to him.
