When young Gabe hears that his brother's betrothed, long thought dead, is living as a mistreated scullery maid in her stepmother's castle, he recklessly sets off alone on a quest to free her. Never mind that his brother is a tournament champion and Gabe has never been that interested in training and competitions; this is his chance to show that he's just as valiant as Valten. Surely infiltrating Duchess Ermengard's home and whisking away one maid can't be that difficult. Having grown up

believing she is an orphan, Sophie tries to be an expert at pleasing the exacting and cruel Duchess Ermengard, but often finds herself punished for the most minor infractions. Life seems hopeless in Hohendorf, as the Duchess never lets anyone leave and rarely do any new visitors come to the castle. When a well-dressed troubadour mysteriously appears, claiming to want to sing the praises of Duchess Ermengard, everyone is suspicious that he is not who he claims to be. At first I had a hard time getting into this story. Gabe seems far too irresponsible and thoughtless, and Sophie didn't seem like she had much of a personality. But as the story progressed I realized Sophie seemed one-dimensional because the abuse she had suffered robbed her of any joy or spark of individuality. It was once she realized that she was valued and that she could hope for a better future that she began coming alive. You can't overestimate the work of hope in an oppressive situation! Gabe goes through tremendous character growth, too, as he realizes that this quest to save Sophie isn't a lark, but rather a truly dangerous situation which will require strength and sacrifice if either of them are to survive.
