# Conversations With God: An Uncommon Dialogue, Book 1

## Synopsis

Suppose you could ask God the most puzzling questions about existence, and God would provide clear, understandable answers? It happened to Neale Donald Walsch. *Conversations with God* is Neale Donald Walsch's account of his direct conversations with God, beginning in 1992 while Walsch was immersed in a period of deep depression. He composed a letter to God in which he vented his frustrations, and much to his surprise, even shock, God answered him. Focusing on the universal truths that influence all life, *Conversations with God* offers a picture of the world that could be better. *Conversations with God* challenges us to push past the imagined boundaries of what we believe ourselves capable and look instead to all that we can attain as co-creators with God.

## Book Information

Audible Audio Edition

Listening Length: 8 hours and 24 minutes

Program Type: Audiobook

Version: Unabridged

Publisher: Phoenix Books

Audible.com Release Date: August 14, 2009

#24 in Books > Religion & Spirituality > Occult & Paranormal > Parapsychology #26 in Books > Religion & Spirituality > New Age & Spirituality > Mysticism

## Customer Reviews

Let me begin by saying that Audible.com requires me to rate the book in order to write a review. Actually, I have no idea how to rate it because I'm not sure what the book represents. So my three star rating simply means "not rated." If compelled to, I could make an argument for anything from one star to five. I read this book on the advice of a friend. He told me the book was "fascinating." I certainly agree. The main thing I would like to say in the beginning is that this book shares some elements with Christianity, but is certainly not Christianity of the sort that most people will recognize. So if you do not like to read books that are at odds with your version of Christianity, avoid this one. It will be a one star book for you. The author tells us that he had been writing down his religious and philosophical questions on a yellow legal pad for years. One day, he began to hear answers. He then wrote those answers down. What was "dictated" to him becomes the backbone of this book. I

have no way of knowing what the real source of these responses to the questions in the conversations is. It could be Divine communications. It could be Satanic ones. It could be a manifestation of the author's psychology. There are a lot of other things it could be. You'll have to decide for yourself. If you have a spiritual advisor or counselor whom you respect, that would be a good subject to discuss with her or him. I found myself empathizing with the author's perspective of the conversations. "I am . . . deeply embarrassed by my own life . . . ." "Yet I am encouraged by God to grant myself forgiveness for my failings and not to live in fear and guilt but to always keep trying -- to live a grand vision.
