Llewellyn's Complete Book of Correspondences: A Comprehensive & Cross-Referenced Resource for Pagans & Wiccans is exactly what it says...complete and comprehensive. Subjects include herbs, crystals, animal totems, deities, moon phases, tarot, misc., and the guides for how to. Absolutely loved this book and would highly recommend it for your library.

Anyone who has had to put up with cobbling pages and lists of correspondences together off the internet and by hand and printed from the computer knows what a big help this book is. Is it complete? No... but that's pretty much impossible... but I'm sure with future editions and revisions it will get closer! A great place to start and a great reference to have on hand.

I was overjoyed when I stumbled across this in the bookstore. It is a wealth of information neatly compiled in encyclopedic form. Every pagan should have this in her or his library as a reference and starting point.

The information in this book is quick and easy to find when you are looking something up and also a great book to browse through over a cup of coffee. This book has quickly become my go-to-book out of my library.

This is one of the most cross-referenced correspondence books I've ever seen. Very timesaving, especially if you need substitutions. The cross referencing has led me to items/ideas I would not have thought of otherwise. Thank you Ms. Keynes for such patient detail work.

After using this book for correspondence research I have come to the conclusion it is the best at the moment. It also comes in a kindle format where you can search important information like an online dictionary. This makes this form of the book invaluable.

It's a MUST!!!! Great BOOK has everything you need to know and much more about herbs, plants, Gods, Goddess, colors, trees and many info.

I don't know what to say except that every possible correspondence that I need or could think of possibly needing is in this book. Took me a bit to navigate through it but, that was my fault. This is an absolute must have if you're crafting with correspondences. I just love it.
