Montana Birds: A Folding Pocket Guide To Familiar Species (Pocket Naturalist Guide Series)

Synopsis

The Treasure State is the permanent or migratory home of 427 species of birds, including the state bird – the western meadowlark. This beautifully illustrated guide highlights over 140 familiar and unique species and includes an ecoregion map featuring prominent bird-viewing areas. Laminated for durability, this lightweight, pocket-sized folding guide is an excellent source of portable information and ideal for field use by visitors and residents alike. Made in the USA.

Customer Reviews

I live in Montana, and I find that this nature guide is missing many birds that are regulars here. I would not purchase this if you want to use it to identify birds. I bought it for a gift for a friend, was not impressed, so had to buy the Birds of Montana Field Guide. Go there if you want info on Montana birds.

Good source of information!

A-OK
