Florida Seashore Life: A Folding Pocket Guide To Familiar Plants And Animals (Pocket Naturalist Guide Series)

Synopsis

Stretching for 1,350 miles from Fernandina Beach to Pensacola, the Florida coastline encompasses a variety of diverse habitats on the Atlantic and Gulf shores that are home to thousands of species of plants and animals. This beautifully illustrated guide highlights over 140 familiar and unique species of birds, mammals, nearshore fishes, seashore creatures, seashells and plants. It also includes an ecoregion map featuring prominent wildlife-viewing areas. Laminated for durability, this lightweight, pocket-sized folding guide is an ideal source of portable information and ideal for field use by visitors and residents alike. Made in the USA.

Customer Reviews

All of the guides by James Kavanagh are Great. This is one of my favorites because it gives an example of various species found along our shoreline here in So. Florida. Not as weatherproof as others.

Very good value. Lots of info

A nifty little guide.
