Where The Water Lilies Grow

Synopsis

The celebrated nature writer R.D. Lawrence tells the story of animals who inhabit the lakeside near his home in the backwoods of Canada. From the smallest water creature to wolves, deer and many, many birds, all are known to him. His sensitivity, enthusiasm and empathy for wildlife, coupled with his detailed understanding of their habits have created an engrossing publication. A sequel to *The Place In the Forest*, this authoritatively written book conjures up the sounds, smells and the very feel of lakeside life over every season.
